

FirstCare Hand Sanitizer - 1 Gallon (3.78L) 80% Alcohol Topical Solution

Product description

FIRST CARE Hand Sanitizer 80% Alcohol Antiseptic Solution 1 Gallon (3.78 L) - Made in USA per FDA Guidelines. FIRST CARE Hand Sanitizer has been manufactured as per FDA Guideline to ensure a product that is effective against germs and safe for your hands. We have used only the highest quality ingredients available to provide you with an excellent product. Because we know you care about what ingredients go into the products you use, we've listed everything that goes into our formula here 190 Proof Denatured Ethyl Alcohol, Hydrogen Peroxide, USP Food-Grade Glycerin, Water That's it! The alcohol is responsible for eliminating germs, the H₂O₂ is for cleaning away bacteria, and the glycerin keeps your hands soft and nourished. Our liquid hand sanitizer with alcohol is a fast-drying, non-tacky formula that when sprayed or poured on hands gives you a lightning-fast clean without water or soap. Its easy for refills of spray, pumps and other dispensing bottle types. Very gentle and leaves hands feeling soft and moisturize even after multiple uses. Mostly importantly, its Made in USA at FDA Registered and Inspected facility using FDA guidelines to ensure highest standard for quality and potency.
